

Project SUCCESS Los Angeles College Tour!

Students from North, South & Southwest High Schools attended the trip. We could never have done this without the help of George Wozniak from Hobbit Travel.

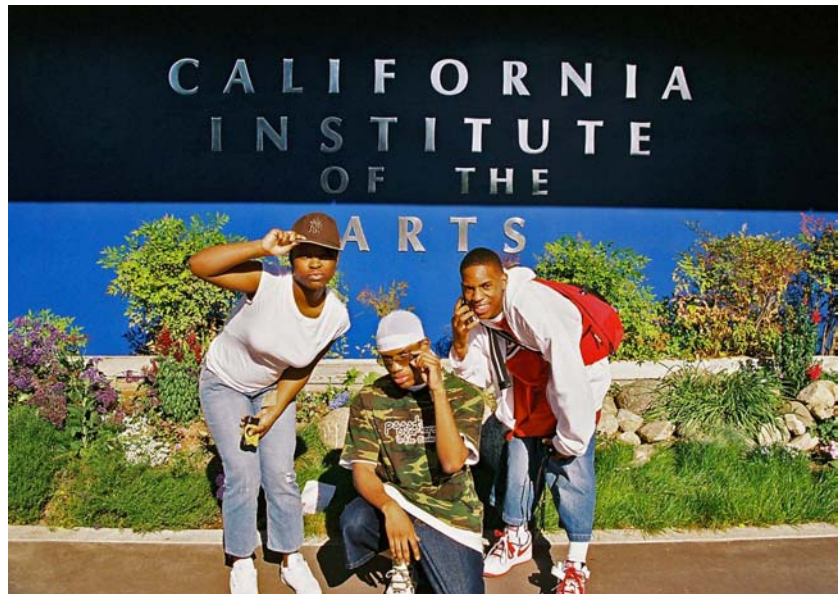

And thanks to Steve Youlios we didn't have to travel like this! Steve donated a car service & a van service to take us wherever we needed to go from the day we landed in LA to the day we left! There was no way we could have made it to all the colleges we visited without his help!

Our students got to see a variety of schools, private & public, large & small.

Several students were interested in studying TV & Film.

Shaneka, Derek & Tony being very dramatic at Cal Arts in Valencia...

Katelyn & Shaneka were especially interested in Film Studies.

Columbia College Hollywood is a school that focuses on film production.

After the tour that day, they got a little beach time. For both of them, this was the first time ever to see an ocean and walk on a beach.

UCLA & USC

Edythe has been accepted to UCLA & Cal State, LA and is waiting to hear from Whittier.

They liked UCLA... Go Bruins!

...but a lot of students really loved USC

A group of our students made it all the way to Santa Barbara.

Antonio was able to meet up with the soccer coach at Santa Barbara City College.

Students toured Santa Barbara City College, University of California, Santa Barbara & Westmont College all in one day.

And they still had some time to check out the tide pools and a beautiful sunset!

There were mixed emotions at the airport on the way home. Everyone had such a great time they didn't want to leave. Others were excited to get home and tell their friends and families about their trip. Still others were just exhausted from all the college tours!

But Adrienne kept them laughing in their seats on the flight home and everyone made it safely back to Minneapolis.

By the end of this trip, students had toured UCLA, USC, Pepperdine, Loyola Marymount University, Cal Arts, Cal Tech, Azusa Pacific, University of LaVerne, Cal Poly Pomona, Whittier College, UC Santa Barbara, Santa Barbara City College, Westmont College, Cal State LA, LA City College, Cal State Long Beach, Columbia College Hollywood, Occidental, and Pomona, Pitzer, Scripps and Harvey Mudd of the Claremont Colleges. These kids had an amazing experience that they will never forget!

From all the chaperones,

Adrienne
