PROJECT SUCCESS™

Where students connect to their purpose

Project Success is a

youth-development organization that motivates and inspires students to dream about their futures, helps them create a plan to get there, and gives them the tools and support they need to achieve their goals. We work with more than 14,000 6th—12th graders in the Minneapolis school district each year.

Become a Project Success

Institute Coding Teacher

(Independent Contractor position)

Our Institute Coding Teachers facilitate and help to develop lesson plans for students in grades 9-12 on computer programming in the Project Success Institute.

This is a part-time position (approximately 5 hours a week) for evening classes that run for 10 weeks on Thursdays.

Essential Functions

- Co-create lesson plans on a variety of computer programming subjects in collaboration with Project Success Institute Program Manager
- Facilitate lessons, occasionally in collaboration with volunteers and other content experts
- When appropriate, adjust lesson plans to suit students and situation
- Develop and sustain relationships with students enrolled in Institute programming
- Collaborate to create or gather materials for each workshop

Ideal Candidate Attributes

- Experience working with high school students
- Experience and/or knowledge in computer programming
- Adaptable teaching approach
- Ability to build and nurture trusting relationships with young people, families, volunteers and co-facilitators from a variety of backgrounds
- Consistent, dependable, and reliable
- Prompt and clear communicator
- A commitment to the mission, vision, and values of Project Success
- Enthusiasm for research and learning

Project Success is strongly committed to diversity and highly encourages applications for a broad spectrum of individuals.
